February 6, 1981

Mr. Eric P. Newman
Eric P. Newman Numismatic Education Society
6450 Cecil Avenue
St. Louis, MO 63105

Dear Eric:

Thank you for your letter of January 29 regarding Thomas Schweich. We have received his application and his credentials are very impressive. I talked to him early last month and told him what Leslie told you, that we have never admitted undergraduates to the seminar in the past, and explained that the reason for this was that the intent of the seminar was to broaden interest in numismatics in the academic community.

His application, however, will be circulated with all the others to the committee which evaluates applicants, and will be considered without prejudice.

I hope you will be available to deliver your annual lecture for this year's seminar. Is it convenient for you to do so the morning of July 17 which is the day of the Council meeting?

With best regards,

Bill,

William E. Metcalf
Chief Curator

Dear Bill:

Thank you for your letter of February 6, 1981, with respect to Tom Schweich. You will note that he has the lead article in The Numismatist for the current month.

As for my lecture, you can set it for July 17, 1981, at present, although I might want to change it to July 29, 1981. As the summer approaches we can clear up this matter.

My best regards.

Sincerely,

Eric P. Newman

THE AMERICAN NUMISMATIC SOCIETY

GRANTS FOR SUMMER STUDY IN NUMISMATICS

1981

THE AMERICAN NUMISMATIC SOCIETY offers ten grants-in-aid for study at the twenty-ninth Seminar in Numismatics to be held at its museum from June 9 through August 8, 1981. The purpose of the grants is to provide students with a deeper understanding of the contributions made by numismatics to other fields of study.

THE SEMINAR involves an intensive program of study which will include lectures and conferences conducted by specialists in various fields, preparation and oral delivery of a paper on a topic of the student's choice, and actual contact with the coinages related to that topic. Formal and informal sessions will deal with such topics as coin hoards and excavation coins; dated coins and their historical significance; coins as bearers of ideas and political documents; and coins and the art historian. Curators of the American Numismatic Society and instructors from this country and abroad will participate in the seminar.

GRANTS will be available to students of high competence who will have completed at least one year of graduate work in classical studies, archaeology, history, art history, economic history or other related disciplines. Applications will also be accepted from junior faculty members with a degree in one of these fields. Each grant will carry a stipend of $900.

THIS OFFER is restricted to individuals affiliated with colleges and universities in the United States and Canada. Further information and application forms may be obtained from the office of the Society. Completed applications must be filed by March 3, 1981. Awards will be announced no later than April 1, 1981.

THE AMERICAN NUMISMATIC SOCIETY

GRADUATE FELLOWSHIPS

1981-1982

The American Numismatic Society will award a Fellowship of $3500 to a university graduate student in the fields of the humanities or the social sciences who:

1. will have completed the general examinations (or the equivalent) for the doctorate

2. will be writing a dissertation during the academic year 1981-1982 on a topic in which the use of numismatic evidence plays a significaht part

3. will have attended one of the American Numismatic Society's Graduate Seminars prior to the time of application.

Interested individuals should write directly to the Society. Applications must be completed by March 3; announcement of the award of the Fellowship will be made prior to April 1.

Dear Eric:

Enclosed is Dick's list of our Oak Tree shillings, Noe 4 and 5. Only one has been photographed, a print of which is enclosed.

I appreciate your interest in our Graduate Seminar program and your willingness to consider funding it. Expenses associated with the program are as follows.

Personnel expenses:

12 students at 900	$ 10,800
Scholar in residence	3,500
6 lectures at 100	600
	14,900

Other expenses:

Student reference materials	180
Student support materials: photography, casts, other research supplies	450
Student travel allowance provided atANS discretion	400
	1,030
Total Annual Budget exclusive of overhead	$ 15,930

I would be pleased to discuss this program with you further at your convenience.

Sincerely yours,

Leslie A. Elam
Director

Dear Eric:

Thank you very much indeed for your presentation at the Seminar yesterday, which was as fresh and instructive as when I first heard it 10 (!) years ago. I am sorry that I had to miss parts of it and all of the ensuing discussion, but I expect to have many opportunities to hear you in coming years.

Your contributions to this and to many past seminars are far outweighed by your commitment to future ones. As one who got his numismatic feet wet during the 1971 Seminar, and who now has responsibility for directing it annually, I think it is just about the most important service we provide. Your commitment insures that it will continue even in difficult times, and for this we all thank you most warmly.

Best wishes for a successful excursion to Africa.

Sincerely yours,

Bill,

William E. Metcalf
Chief Curator

Dear Eric:

It gives me great pleasure to know that you are to be associated with our most important educational activity. I certainly applaud your decision to support the Graduate Seminar, initially through your gift of $10,000 annually, and, long term, through your intention to provide endowment support through bequest.

I have long lamented the fact that this important Society activity continued to be a part of the Operating budget rather than benefit from a restricted fund. I am happy that this situation can now change and, the more happy, that you are to be the agent of that change.

Have a super time on your African vacation. It really sounds as if you have gone out of your way to test your endurance this time.

Sincerely yours,

Leslie A. Elam
Director

Oct 10, 1981

Intention is OK for
$10,000 funding of seminar
Make gift in 1981 of
$10,000 or more.

Name is best for Society
too as they think it will help them
Tax situation is less
beneficial to giver
now.

I said we would state
intention + protect ourselves
from financial collapse of
assets. Also said new tax
law ~~enable~~ enables delay
~~to~~ summer of husband + wife
before ~~tax~~ on estate.

December 18, 1981

Mr. Leslie A. Elam
American Numismatic Society
Broadway at 156th St.
New York, NY 10032

Dear Leslie:

In accordance with our discussions with respect to the Summer Seminar in numismatics, there is enclosed a check for $10,000 toward the 1982 program.

My wife and I intend to continue to make gifts at that annual rate hereafter. At the death of the survivor of us, we have arranged in our revocable trusts to fund this annual payment into the future.

Naturally, our intentions are based upon a continuation of our present financial position.

It is a pleasure to help continue such a fine education program and we hope the Seminar will expand into some American areas of study.

Sincerely,

Eric P. Newman
